Please attach any additional information that you believe would be helpful in evaluating this site for inclusion into the program. The program's general site selection criteria are available at www.avcog.org/brownfields.

Please note that as this program is funded by a public funding source (U.S. Environmental Protection Agency), all assessment documentation generated by this program will ultimately be made available to the public, potentially available for download on AVCOG's website, and hard copies available for viewing at AVCOG's offices. In addition, site access approval from the owner is required prior to final acceptance of a property into the program.

Please direct questions regarding this program to:
